

K-LOVE serves the greater Bangor, ME area and I am so glad that their relay signal is available here.

I believe that allowing the LPFM to displace that signal is:

1) not fair

2) not as beneficial to my community as is K-LOVE's content

K-LOVE'S content is safe for children, it's positive, it's encouraging, it is a generally excellent influence and resource on our community (I know it is in my life)

K-LOVE is sensitive to their listeners, they are not partisan, and I believe they take their responsibility as a broadcaster very seriously.

Thank you.

Mark Marston
